## LOVED

Year: 2019

*A profound exploration of intimacy and the radical act of trust, reclaiming the imagery of restraint as a sanctuary of love and mutual surrender.*

### SUMMARY

A profound exploration of intimacy and the radical act of trust, reclaiming the imagery of restraint as a sanctuary of love and mutual surrender. The Architecture of Absolute Trust LOVED is a visceral exploration of the fragile boundary where power meets vulnerability. This piece serves as a sophisticated reclamation of restraint, transforming it from a symbol of marginalisation into a profound manifestation of ultimate trust. Beyond the Fairy Tale True love is rarely a Disney story. It isn't found in the clichés...

### The Quiet Strength of Vulnerability

The autonomous oeuvre of Arjan Spannenburg (born Texel, 1978) resonates internationally with curators and private collectors alike. Central to his photography is the search for identity and self-expression. Through powerful, predominantly monochrome compositions, Spannenburg portrays youth standing on the threshold of adulthood.

We witness adolescents in a transient, uncertain phase of life. These sensitive portraits capture subjects alone with their thoughts, yet they simultaneously radiate a profound need for communication with the outside world, a search for support, understanding, and love.

**Gallery Representation & Exhibitions** In addition to permanent representation by ZERP Galerie (Rotterdam), Spannenburg's photography has been selected for prestigious international platforms and events, including:

- PAN Amsterdam
- Kunstlinie, Almere
- Schwules Museum, Berlin
- Paratissima, Italy
- Tongerlohuys, Roosendaal

His oeuvre is held in diverse private collections and is often seen in prominent public locations, including the City Hall of The Hague.
