| %oa,,k- Öjan ã Lorenzo Bernini's "Endormi" (1674) is a masterpiece of Baroque sculpture, depicting a hermaphrodite figure in a state of deep sleep. The figure is reclining on a bed of pillows, with its body and limbs intertwined in a complex, fluid manner. The sculpture is made of white marble and is displayed in a gallery setting. The figure's face is serene, and its body is covered in intricate folds of fabric and drapery. The overall composition is highly dynamic and expressive, characteristic of Bernini's style.
